- Lead-in lines

LineLazer™ IV 250dc Dual Colour Striper

Since 1990, Graco's LineLazer airless line striping systems have changed the pavement striping industry. The LineLazer IV family has led the way, delivering innovation and performance. And Graco's newest addition to the line-up — the LineLazer IV 250dc Dual Colour Line Striper — completely changes the game. Ideally suited for airports, municipalities or anyone who needs to spray highlight lines or other dual-colour striping, the LineLazer IV 250dc sprays two colours simultaneously in patterns as wide as 90 cm. The LineLazer IV 250dc offers productivity and flexibility that proves Graco's commitment to providing you a **Total Striping Solution**.
